TOWN COUNCIL.

The Town Parliament brought down its weekly budget on Monday evening last. Present—Couns. Donaldson, Goodfellow, Sanderson, Davis and Mair. His Worship Mayor Knowles presided.

Clerk Stull read the minutes of the last meeting, which were adopted.

COMMUNICATIONS.
Communications were received from Dr. Porter asking for a settlement of his account; from T. O. Davis tendering his resignation as councillor; from J. F. A. Stull declining the trusteeship of the town.

REPORTS.
The clerk laid the auditor's report on the table.

Chairman Goodfellow of the Board of Works recommended that the exclusive right of operating a ferry, on the river within a certain limit, be sold by tender. The purchaser must build ferry, fix approach; have it in operation by the 15th day of May next and hold the right for three years. This report recommends that the town give a bonus of \$200 to the purchaser.

On motion, Coun. Davis, who was present, was asked to reconsider his resignation. After considerable chaffing, Mr. Davis resumed his seat.

Dr. Porter explained his account against the town, and was referred to the Finance Committee.

The clerk was instructed to advertise for applications for a treasurer.

The council then adjourned until Monday evening next at 7 o'clock.

THE NEW TREATY.
The special Indian commissioners, Irvine and Goulet and Sec. McNeil, accompanied by an escort of Mounted Police, under command of Sergt. Alexander, arrived here last Monday from Montreal Lake after obtaining the admission of the northern Indians into Treaty No. 6 made at Carlton in 1876. On their arrival at Montreal Lake some two hundred Indians turned out and gave the commissioners a hearty welcome in Indian fashion—firing off guns and hand shaking. The treaty was most successfully accomplished and too much praise cannot be given to Col. Irvine and Mr. Goulet for the manner in which it was conducted.

Thirty-seven applications for scrip were made, twenty of which were by the heirs of deceased persons. The total amount of scrip granted was something over \$7,000, of which \$4,000 was paid, the balance being held on account of those entitled to it not being present to receive it.

On the return trip the party experienced very rough weather and to add to the unpleasantness, fodder for the horses ran short and as it is very scarce along that trail the party were compelled to travel almost constantly day and night.

The Indians who have just become wards of the Government are about as fine a lot as there are in the Territories, not one of whom wore a blanket, everyone being dressed like a *Montana*. The women were greatly admired for their beauty and cleanliness, which we must say are two very uncommon possessions of the original ladies of the country.

Since our last issue the weather has been unusually cold. On Sunday morning last the thermometer registered 47 degrees below zero, since then it has varied from 35 degrees below to 46 degrees below during the night and from 10 above to 10 below during the day. On one or two occasions we had a little wind but generally it was a clear, dry, crackling cold atmosphere.

The Manitoba Free Press Company have acquired by purchase all the property and rights, less book debts, of the Call Printing Company. Subscribers to the Call will be supplied with the Free Press, Daily or Weekly as the case may be, for time prepaid. In case of dual subscriptions, unredeemed obligations of the Call will be added to those of the Free Press and the prepaid term correspondingly extended. Adjusting and assimilating the subscription lists may cause slight temporary confusion, but all subscribers are guaranteed just treatment—Free Press.

CHIT-CHAT LOCALS.

T T T. Try our 40c T. Walters & Baker.

Col. Irvine left for Ottawa on Wednesday last.

Betts & Gwynne's ninth annual clearing sale is still going on and they are kept busy trading off their stock for dollar bills.

If your fingers or toes are cold, and you have not time to wait to get them warm, call at Wm. Shannon's and get a pair of mitts or overshoes at cost price.

The town have posters out for the construction and maintenance of a ferry on the river, opposite the town, for three years. The purchaser will receive a bonus of \$200 from the town.

We are pleased to notice that his Worship Mayor Knowles has been appointed a J. P. for the Territories. We consider the appointment a good one and extend our congratulations to Mr. Knowles.

The many friends of Col. Sprout will be pleased to learn that he is now able to leave his room but is still confined to the house. We hope to see him about again as soon as the weather is favorable.

W. R. Fish wants to sell or exchange his store so as to procure a more commodious one. He finds his present stand is not large enough for his rapidly growing business. See his advertisement in another column.

MORE PRECIOUS THAN GOLD.
C. McDonald, Serpent River, says:—I have used Nasal Balm for a bad case of catarrh, and it has done me more good than all the remedies I ever tried before. It is worth its weight in gold.

Farmers, gardeners and florists will do well to purchase their seeds, etc., from Bruce & Co., of Hamilton, this year. Seeds, bulbs and plants got from this firm are always noted for their sure growth. Send for free catalogue. See advertisement in another column.

We believe the Government have established a telephone service between the H. B. Co.'s store, at the East End, and the telegraph office at this part of the town. East Enders can now communicate with the telegraph office without having to travel about two miles.

The balance of our winter goods will be sold at cost. We are offering a Grey Flannel at 25c per yard, Lamb Caps for \$3, Lamb Coats \$20, Tweed Overcoats \$36, Men's Lined Overshoes \$1 75, Ladies Overshoes \$1. All other winter goods will be cut in same proportion. Walters & Baker.

QUICK TRIP TIME.
Send, brother, send with care, Three nickles to Vick of Rochestare, And in quick trip time you'll get from there

A book full of seeds and plants so rare, Send, brother, send with care, (N.Y.) For the Floral Guide from Rochestare, Vick's Floral Guide contains a certificate good for 12 cents worth of seeds.

We have received a handsome catalogue from Steele Bros. & Co., of Toronto. It is a book of 112 pages, profusely illustrated and gives new novelties in flower and garden seeds. The Steele Bros. Co. is one of the oldest and most reliable seed firms in Canada. See their advertisement in another column.

News was received this week of the outbreak of an epidemic of a most virulent character amongst the Indians at Cold Lake. Indian Agent Mann, of Union Lake, and a mounted policeman visited the scene of the trouble and found the Indians in a terrible state, a great number had died and on the day of their arrival six deaths had occurred. The opinion is that the disease is scarlet fever of a most malignant type. Something should be done for those people as they are liable to spread their ailment over the country as soon as spring opens and they can travel about.

ADVICE TO MOTHERS.
Are you disturbed at night and broken in your rest by a sick child suffering and crying with pain of the stomach? Well, send at once and get a bottle of Mrs. Winslow's **Soothing Syrup for Children's Teething**. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures diarrhoea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's **SOOTHING SYRUP FOR CHILDREN'S TEETHING** is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the U. S., and is for sale by all druggists throughout the world. Free 35c a bottle.

TERRITORIAL NEWS

FORT MACLEOD.

From the Gazette, Feb. 7.

No fire in the office and doors wide open since Monday.

Blackleg has made its appearance among some of the herds in Montana.

Some of the boys were playing baseball on the square yesterday afternoon.

Dr. DeVeber, on his recent shooting trip, shot 53 pairs of chickens, most of which he generously distributed among his friends.

Lieut. Governor Royal was warmly welcomed throughout the west, and is, we understand, greatly pleased with his trip.

Cattle are in splendid condition. The problem this winter is to keep young stock poor enough to prevent them from getting blackleg.

On Saturday morning the large and finely equipped stables of the Frank Strong estate were burned to the ground. These stables are situated on the rancho on Belly River, about ten miles from Macleod. The main stable was 120 feet long and was one of the most perfectly equipped private stables in the territories. The loss is estimated at about \$8,000, and the insurance about \$2,000.

EDMONTON.

From the Bulletin, Jan. 28.

Thos. Henderson gave his three hives of bees an airing on Wednesday, January 22nd; they flew about freely. An examination of the hives showed very few dead bees, an abundant supply of honey and very little frost in the hives, especially in two that were double boarded. There is every prospect of the bees coming through the winter safely.

Supt. Griebach has arranged to distribute rations to several destitute families of half-breeds at St. Albert. The conditions are that all who are able must work or neither themselves nor families will receive rations. The number of those in want is much smaller than last year and is confined entirely to such as were formerly included in the Indian treaty, and are chiefly widows, infirm people and children.

There is very little demand for barley or oats just now owing to the large supply. Buyers do not care to invest and farmers do not wish to sell at present prices. Prices nominally are 35 cents for oats and 40 cents for barley in trade. Wheat is in good demand for cash at \$1 to \$1.25. Best of the carcase brings cash at 85 per pound, or 95 and 100 in the quarter. Fresh eggs, owing to the mild weather, are plentiful at 40c and fresh butter is sold at 35c to 40c per pound.

BATTLEFORD.

From the Herald, Feb. 6.

A man named Moran was arrested on Monday night for digging his wife with a horsewhip.

A prairie fire was visible to the west of the Battle River reserves on Tuesday night of last week. It is a thing almost unheard of at this season of the year.

The drizzling rain that fell on Saturday and Sunday froze on the ground and made a good foundation for the snow that fell on Monday and gave fair sleighing.

Dr. Aylen was out last week on a tour amongst the Indians, vaccinating them. They are more than ordinarily keen since they heard the news from Cold Lake, to have the operation performed.

We take pleasure in announcing that Mr. Chinkatill has received an appropriation for the erection of temporary bridge over the Battle River. This will be the last season that this structure will have to be taken down and rebuilt, as the permanent bridge will be completed in time to carry the traffic of next year.

CALGARY.

From the Tribune, Feb. 6.

T. Ele informs us that he was somewhat surprised on Monday on going out into his garden to see clover and other grasses coming up quite green. On examination he found the frost was out of the ground and he intends to put a man to work immediately at gardening.

During the last few days some of our Isaac Waiton's have taken out their fishing tackle and have had their efforts rewarded by a catch of from sixty to seventy Bow River trout. They did not have to cut a hole in the ice for this fishing, but merely visited parts of the stream that have opened out.

Johnson's Fluid Beef
CLAIMS TO BE.

And its claims are fully authenticated by the HIGHEST SPECIAL AND SCIENTIFIC AUTHORITY IN ENGLAND AND AMERICA, and a great multitude who have testified thereto. The use of it has been found to be a LAXATIVE AND CONVALESCENTS but everybody who wishes to develop a STRONG, ROBUST CONSTITUTION should take it regularly, and prove its VIGOROUS, STRENGTHENING AND INVIGORATING POWER.

GRAND UNION LIVERY STABLE.

Opposition is the Life of Trade.

A First-class Livery, Feed and Sale Stables

We would like to invite the public when in Prince Albert to give us a call. Our stables are the most central in town—next door to Queen's Hotel.

We keep the largest and best Livery and Feed Stable in town.

We have a lot of new horses and rigs—second to none west of Winnipeg—to hire on reasonable terms.

You will always find good, reliable and accommodating men night and day at our stables to attend to your wants.

All our horses are first-class livery horses; can be driven by ladies; particular care has been taken to purchase horses of that class.

You can always depend on getting the best turnout in town at the Grand Union Stables.

N.B.—We do not advertise in one paper to contradict it in another, as that constitutes a falsehood, but we keep the best Livery and Feed Stable—and at the lowest prices—in town.

THE LELAND HOUSE
PRINCE ALBERT.

Owing to the ill health of my wife, I have decided to give up the hotel business for the present. I will sell or rent, either with or without furniture. The house is now doing and always has done a good business. It is a commodious, warm and comfortable building, centrally situated. This is a first-class opportunity for a young married couple.
